SUMMARY

Performance-driven Flutter Developer with 3+ years of experience specializing in high-scalability mobile architectures (BLoC GetX, Clean Architecture). Proven track record of optimizing app performance by 2x and leading cross-functional teams to deliver complex travel and e-commerce solutions. Competitive programmer with a strong foundation in algorithms and AI integration.

SKILLS & COMPETENCIES

- Advanced Flutter and Dart programming
- Cross-platform app architecture design
- State management (BLoC, GetX, Riverpod)
- RESTful API and Firebase integration
- Native module integration (Swift, Kotlin)
- UI/UX design principles and implementation
- Problem-solving and analytical thinking
- Team leadership and mentoring
- Performance optimization and profiling
- AI-driven app feature integration

Problem Solving

- Codechef: Rating 1440 | Problems Solved 214
- Codeforces: Rating 1009 | Problems Solved 240
- ICPC 2021 Regional Qualifier
- LeetCode: Problems Solved 81

WORK EXPERIENCE

Mid Level Software Engineer, MoveOn Technologies Ltd. Feb. 2026 - Present

- Improved app performance through system redesign and efficient memory management.
- Enhanced a global shopping app, implementing AI features to improve user product discovery.
- Separated data, domain and presentation layers to ensure 90% test coverage with Clean Architecture.

Junior Software Developer, M360 ICT Apr. 2024 - Jan. 2026

- Directed the development of 8 concurrent projects.
- Managed release cycles for multiple enterprise apps on Google Play Store, ensuring on-time delivery.
- Introduced coding best practices that improved team velocity.

Mobile Application Developer, NextTech. Labs Sept. 2023 - Mar. 2024

- Led a team of 3 developers, coordinating agile sprints to meet deadlines for Android applications.

EDUCATION

Bachelor of Science in Computer Science and Engineering

Northern University Bangladesh | CGPA: 3.89

Achievements

- Intra University Programming Contest Champion
- Programming Olympiad Champion

Higher Secondary Certificate

BAF Shaheen College Dhaka | GPA: 5.00

PROJECTS

MoveOn:Global Shop & Shipping (MoveOn Technologies Ltd.) BLoC | Firebase | System Design

Contributed the existing Customer-end Mobile App which helps an user order various type of products from all over the world and get it delivered to their doorstep. Optimized the app-base with profiling and debugging. Implemented Ai-Centric features. Click Here to download.

Airport Services BD Vendor (M360 ICT) BLoC | Rest API | Push Notification | Firebase | Responsive UI
